HELEN'S BABIES

In this hilarious novel, Harry Burton, a bachelor white-goods salesman, goes to take care of his sister Helen's two little boys for ten days while she and her husband are out of town. Toddie and Budge are always up to something, and all sorts of comic mischief ensues. It just so happens that there's a lovely young lady in the neighborhood whom Harry admires very much, but she always seems to be passing by when he's deep in some terrible mess of the boys' making...
